## 1 Terms of Reference

### Terms of use

This service offers user the option to register for the Password Reset Functionality for ROSIplus by providing a private email address.

The utilization of this service is voluntary. You can refrain from using this service at any time.

The data used for this service is stored for this service only and can be viewed at any time. The email address provided will be used for this service only. The utilization of the ROSIplus Password Reset Functionality is only permitted with a private email account. The email account must be protected against third party use and be accessed only by you.

Deletion of your data will be done within 5 days of receiving your deactivation request. When your user is deactivated, all data used for this service will also be deactivated.

In case of non-participation, please send your password reset request to your contact who granted your initial ROSIplus access, or your BP / Aral contact person.
